by

Based on a play by  
**ARISTOPHANES**

November 2021  
In homage to Jan Lindblad

Weak mortals, chained to the earth, creatures of clay as frail as the foliage of the woods, you unfortunate race, whose life is but darkness, as unreal as a shadow, the illusion of a dream, hearken to us, who are immortal beings, ethereal, ever young and occupied with eternal thoughts, for we shall teach you about all celestial matters.
